

2022 System Performance Measures

Nashville-Davidson County HMIS, Reporting Period: 10/1/2021-9/30/2022

Average Length of Time Homeless, in days

- Emergency Shelters and Safe Havens
- Emergency Shelters, Safe Havens, and Transitional housing

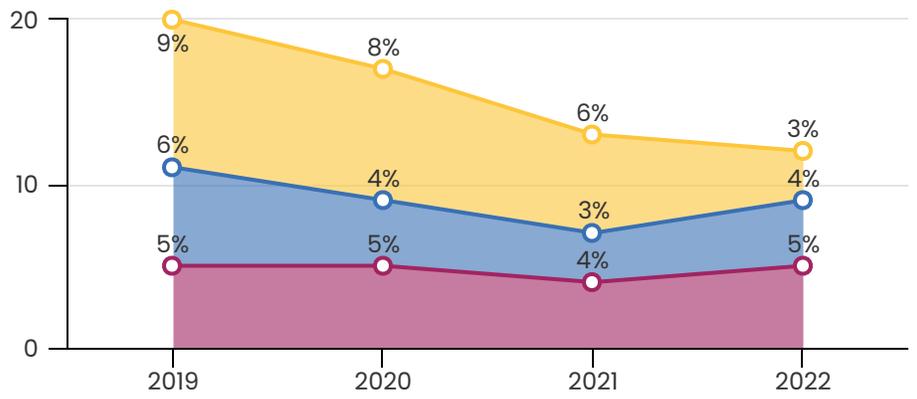

Measure 1: Average Length of Time Persons Remain Homeless

This measures length of time from program enrollment to housing move-in for clients in emergency shelter, safe havens, and transitional housing in HMIS. Our goal is to decrease the length of time people remain homeless.

Measure 2: The Extent to which Persons who Exit Homelessness to Permanent Housing Destinations Return to Homelessness

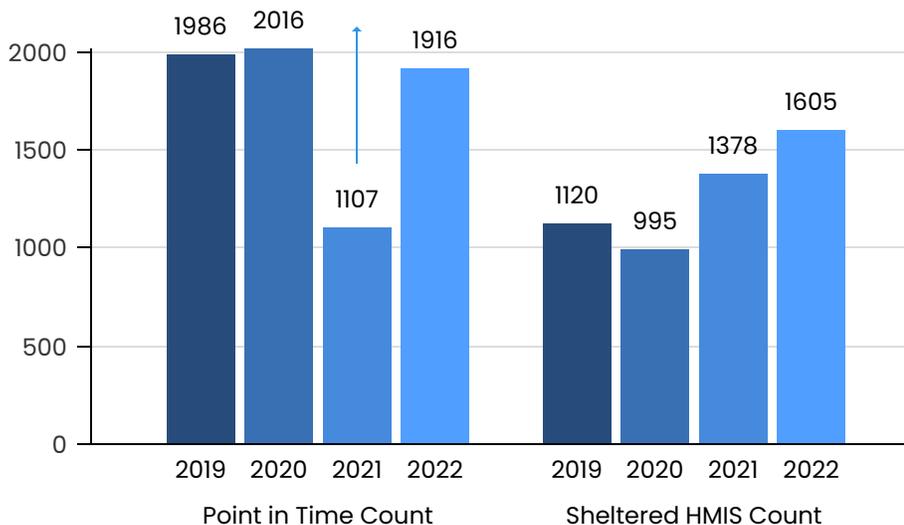

This looks at people who exited homelessness to permanent housing 2 years ago. Of those clients, it measures how many have returned to homelessness. It includes exits from street outreach, emergency shelters, transitional housing, and permanent housing programs. Our goal is to reduce the percentage of people who return to homelessness.

Returns to Homelessness Within 2 Years

- < 6 months
- 6-12 months
- 13-24 months

Due to COVID-19, in 2021 there was no unsheltered count.

Measure 3: Number of Homeless Persons

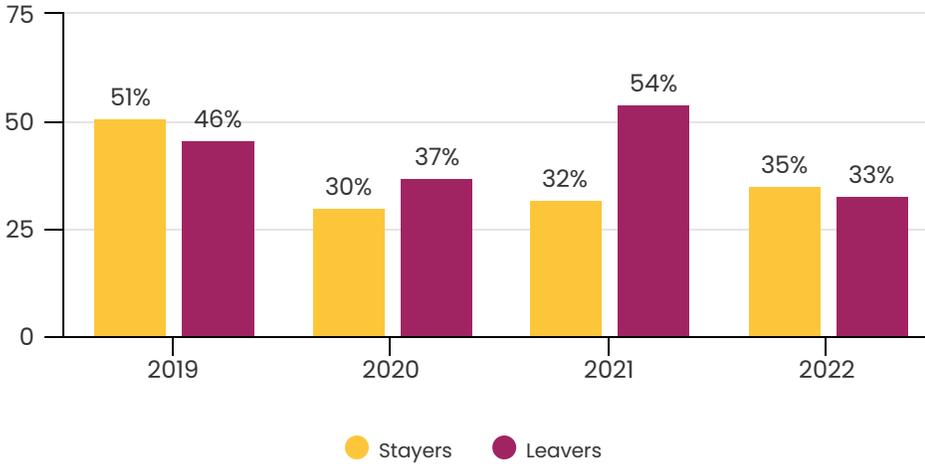

This includes the number of people experiencing homelessness (sheltered and unsheltered) on the night of the Point in Time Count, and the number of people served by emergency shelters, transitional housing, and safe havens annually in HMIS. Our goal is to reduce the number of people experiencing homelessness.

2022 System Performance Measures

Nashville-Davidson County HMIS, Reporting Period: 10/1/2021-9/30/2022

Adults in CoC Funded Projects who Increased Income

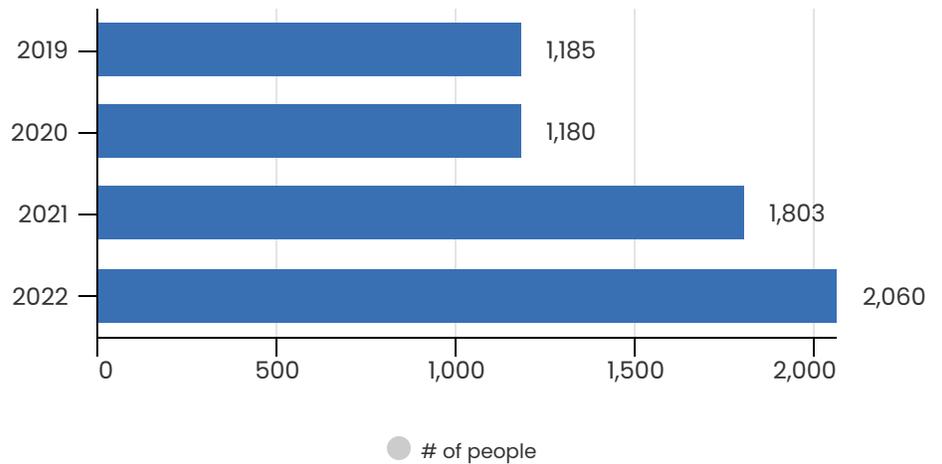

Measure 4: Employment and Income Growth for Homeless Persons in CoC Program-funded Projects

This measures the percent of adults in CoC-funded programs who have higher income than they did at program entry. Our goal is to grow the percent of adults who gain or increase their employment or non-employment income.

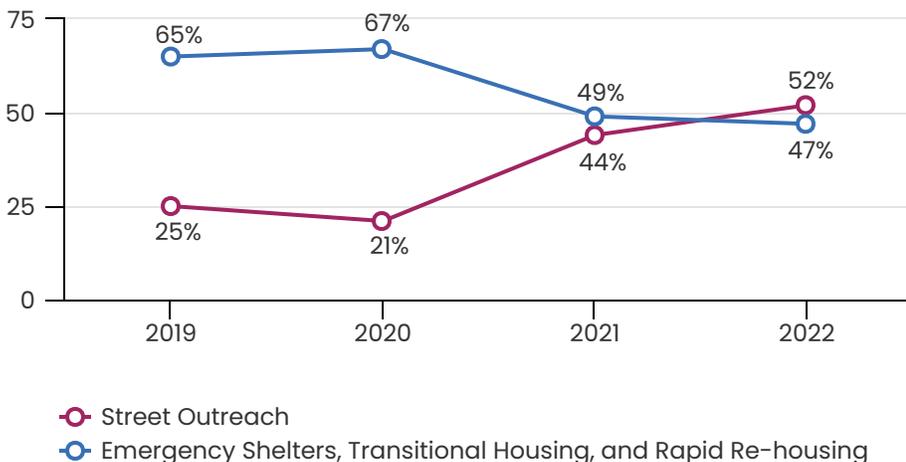

Measure 5: Number of Persons who Become Homeless for the First Time

This counts people who entered emergency shelters, safe havens, transitional housing, rapid re-housing, and permanent housing during the year who did not have any program entries during the previous 2 years. Our goal is to reduce the number of people experiencing homelessness for the first time.

First Time Homelessness

Exits to Permanent Housing

Measure 7: Successful Placement in Permanent Housing

This measures the percent of exits from homelessness that were to permanent housing destinations. This includes exits from street outreach, emergency shelters, transitional housing, and rapid re-housing. Our goal is to increase the percentage of people exiting to permanent housing destinations.
